WASHINGTON, D.C.

OFFICE OF THE SECRETARY

In the Matter of)
Amendment of Section 73.202(b),) MM Docket No
Table of Allotments,) RM
FM Broadcast Stations.)
Berthold, North Dakota)

To: Chief, Allocations Branch, Mass Media Bureau

PETITION FOR RULE MAKING

High Plains Broadcasting, Inc. ("HPBI"), by its attorneys and pursuant to Section 1.401 of the Commission's Rules, respectfully requests that the Commission institute a rule making proceeding to allot Channel 264C to Berthold, North Dakota.

As set forth in the attached Technical Exhibit, which is incorporated by reference herein, this proposal will serve the public interest. The allotment of Channel 264C to Berthold, North Dakota, will provide the first local aural transmission service to Berthold, which is a census designated city with a population of 409, according to the 1990 Census. See 1990 Census of Population and Housing, North Dakota at 37 (1993). Located in the northwestern corner of North Dakota, Berthold is separated from Minot, North Dakota, by approximately 21 miles of rural countryside. 1/ The community, which elects its mayor and city council, has its own zip code (58718) and post office. It also is the site of the Berthold School and the Berthold Fire Department. Commercially, Berthold has a number of business enterprises, including an auto body shop, two

beauty salons, two oil services, a bank, two insurance agencies, an equipment company, a hotel, a meat shop, a welding service, and at least two eateries, Porky's and the Tumbleweed Cafe. At least three religious denominations maintain buildings and services in Berthold, including Berthold Baptist Church, St. Ann's Catholic Church, and Zion Lutheran Church. In addition, Berthold has its own social organizations, including a senior citizen's club, and a Lions club. Under Commission precedent, the presence of these civic, business, religious and social indicia demonstrates that Berthold is a community deserving of its own aural transmission service. See, e.g., Report and Order (Hannahs Mill, Milledgeville and Perry, Georgia), 6 FCC Rcd 3753 at ¶ 9 (1991). That the local phone book has a section entitled Berthold confirms this result. See attached.

. . .

The above proposal would enable Berthold to obtain its own FM broadcast service and would provide a means of entertainment and information for its residents. If the above proposal is approved, it is HPBI's intention to apply for the above allotment promptly and, once granted, to implement construction as quickly as possible.

Accordingly, it is respectfully requested that the Commission issue a Notice of Proposed Rule Making as herein requested and thereafter adopt such a proposal.

Respectfully submitted,

HIGH PLAINS BROADCASTING, INC.

TECHNICAL EXHIBIT IN SUPPORT OF A PETITION FOR RULE MAKING TO AMEND THE FM TABLE OF ALLOTMENTS BERTHOLD, NORTH DAKOTA

Technical Narrative

This technical narrative and associated exhibits have been prepared in support of a Petition for Rule Making to amend Section 73.202(b) by the allotment of channel 264C (100.7 MHz) to Berthold, North Dakota.

Proposed Change in Table of Allotments

It is requested that Section 73.202(b) be amended by the allotment of channel 264C to Berthold, North Dakota. Berthold is located in Ward County, North Dakota and has a 1990 U.S. Census population of 409 persons. Berthold has no local FM stations and no local AM stations. Therefore, Petitioner's proposal would be a first local FM broadcast service and first local aural broadcast service to Berthold. The proposed changes are as follows:

<u>City</u>	Present	Proposed	
Berthold, North Dakota		264C	

The proposed channel 264C reference point is located 84 km from the nearest point of the U.S.-Canadian border; therefore, coordination with Canada may be necessary.

Compliance With FCC Rules

The attached Figure 1 is a tabulation of required separations pertinent to use of channel 264C at Berthold. As shown, the reference coordinates comply with the Commission's minimum distance separation requirements contained in Section 73.207 with respect to all existing, authorized and proposed stations and allotments.

Figure 2 is a map showing the area to locate channel 264C at Berthold in compliance with the Commission's minimum distance separation requirements and city coverage requirements based on minimum Class C facilities (ERP 100 kW/HAAT 300 m). The Berthold city limits shown on Figure 2 were obtained from a map contained in the 1990 U.S. Census of Population.

Conclusion

Channel 264C can be allotted to Berthold, North Dakota in compliance with all applicable Commission Rules.
